Guidance for use

Progression in Spelling (encoding)

When planning for pupils spellings sessions please use the attached document to help support the sounds and letter groups that are being taught.

In order to ensure quality in spelling then the following approach should be adopted.

Prove: Pupils prove the spellings they have taken home for spelling practice they need to undertake a fun activity (see appendix 1)

Revision: The new spelling rule is introduced and children record their prior knowledge, this allows teachers to identify current gaps and standards.

Learn: Pupils are taught the rule

Discover: Pupils discover the meaning of the words and add them into sentences and word displays

Play: Pupils play with words in order to embed a love of the words.

Remember pupils may need to take on different rules and these decisions should be formed through teacher assessment. Any pupils that struggle to access these spellings should be afforded more time through interventions.

Please also note that spellings sent home are given after the rules have been learnt.
